

site specific layout - lot 7 (living cluster)

version - 09.01.12

lot area	441 m ²
site coverage	maximum 190 m ²
building platform	168 m ²
building coverage	maximum 168 m ²
maximum height II	not to exceed 313 m contour,
maximum height I	4.5 m from exist. GL and not to exceed 313 m contour
ancillary structure	no
specific building requirements	yes
on site parking	yes
driveway / access	fixed
specific landscaping requirements	protected hedge, grass meadow, structural tree

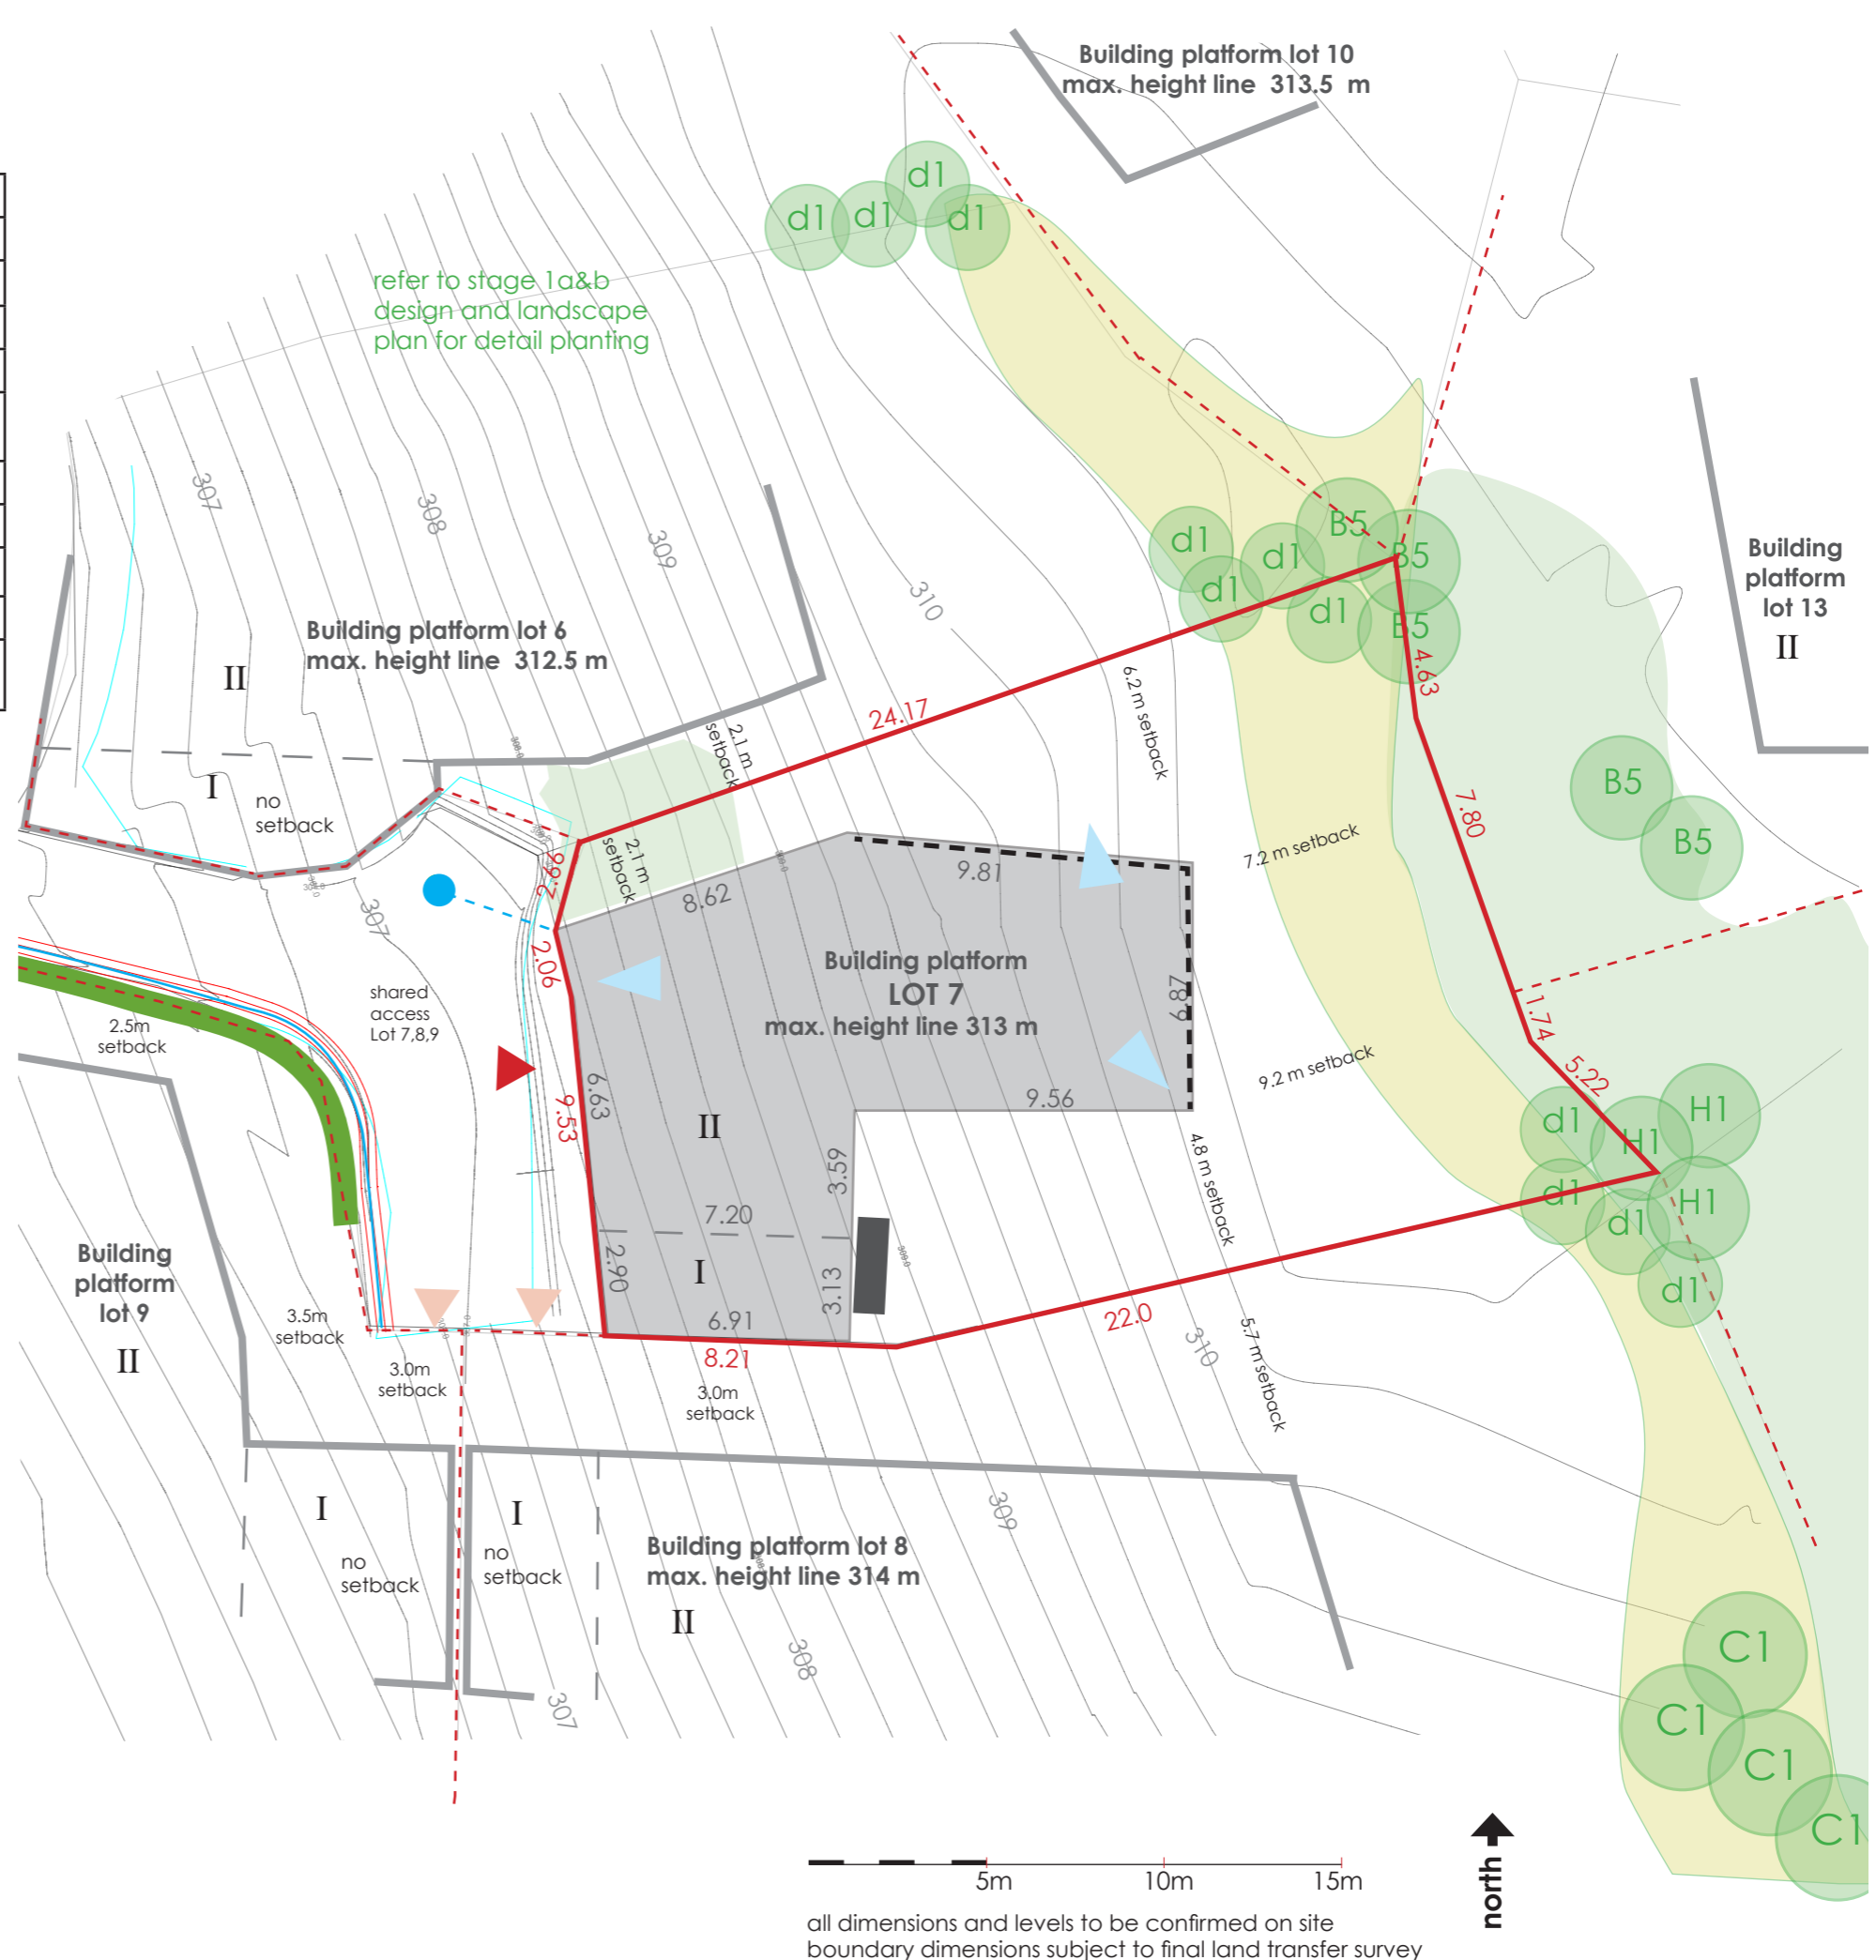

strategic design requirements and suggestions

-  shared access lot with lots 8 and 9, single access fixed location
-  service area (rubbish storage, heat pump units etc.) screened
-  long term parking of boats / trailer etc. to be integrated into building platform not suitable in setback areas
-  main outdoor living spaces facing E, N and NW
-  views towards mountain ranges NW, W and Mount Iron SE from upper levels
-  stormwater discharge connections at street level

- D**esign
- 2 storey building with a minimum height of 6m required within areas shown as II to hold streetscape
 - a minimum of 25% of the building length along Mohua Mews is to be located with no setback to the road reserve
 - building to face shared access lot
 - garage to be set back from road edge to enable appropriate manoeuvring space
 - garage no more than 0.5 m above street level
 - active spaces to face shared access lot
 - low roof line towards south (to minimise shading of lot 8 building platform)

strategic landscaping (street and/or cluster specific) protected

-  structural hedge within street reserve (planted by KPRA*) max. height 1.6 m
-  structural trees protected (planted by KPRA*) refer to plant schedule for detail
-  meadow planting on plateau (planted by KPRA*) protected to safeguard viewshafts, to push dwellings towards Mohua Mews and create a privacy buffer to lots 10,13 & 14 maintenance by lot owner
-  LID stormwater conveyance - basalt dish channel

KPRA* - Kirimoko Park Residents Association Inc.
